👤 PROFILE

Java backend developer with experience in developing REST APIs with Spring Boot, JWT authentication, and MySQL. Additional experience in using React to implement modern frontend interfaces. Motivated to support modern software teams and expand their knowledge of cloud and DevOps technologies.

🎓 EDUCATION

2022 – 2025
Jülich

BACHELOR IN APPLIED MATHEMATICS AND COMPUTER SCIENCE
Aachen University of Applied Sciences

2018 – 2022
Meknes

PREPARATORY YEARS IN COOPERATION WITH FH AACHEN
University Moulay Ismail

📁 ACADEMIC PROJECTS

BACHELOR THESIS

Theoretical analysis of deploying web applications in a microservices architecture with Spring Boot.

Analysis of web application deployment in a microservices architecture with Spring Boot.

- Examination of microservices concepts and comparison with monolithic architectures.
- Analysis of containerization (Docker) and orchestration (Kubernetes) in deployment.
- Focus on scalability, security, and efficient application delivery.

PRACTICAL PROJECT - E-commerce web application with Spring Boot and React

Spring Boot backend with REST APIs, JWT-Auth, MySQL; Git & Postman; React in the frontend.

SEMINAR PAPER

Theoretical analysis of the structure and architecture of an e-commerce web application using Spring Boot.

👜 PROFESSIONAL EXPERIENCE

2024 – 2025
Jülich

STUDENT ASSISTANT
Aachen University of Applied Sciences
Support in the AMI project (practical IT support).

2022 – 2022
Meknes

COMPUTER SCIENTIST
Deswincov SARL

🧠 SKILLS

Languages

Java, SQL, JavaScript

Frameworks & Tools

Spring Boot, Hibernate,
Maven, JWT, OpenAPI,
React, HTML/CSS,
Postman

Database

MySQL

Versioning & DevOps

Git, Docker (Basics),
GitHub Actions (Basics)

🌐 LANGUAGE

Arabic

Native speaker

French

Fluent

English

Fluent

German

Advanced
B2 certificate
